Tools: no tools required

To make these designs:
The chains and bracelet forms are easy to use. The large-hole beads just slide on!

Necklace
1. Unhook the necklace clasp and string the beads as pictured.

Cuff Bracelet
1. Unscrew the threaded ball at one end of the bracelet.
2. String beads as pictured, and screw on threaded ball.

Stretch Bracelet
1. String beads as pictured, onto all 3 of the stretchy spring bracelets, and screw bracelet ends together.

TIP: Before screwing the ends together, "backspin" a few times to keep the spring from twisting in a "figure 8" after it is closed.
