12	05-301-04-SE	4mm Swarovski faceted bicones, light rose satin
3	05-301-04-133	4mm Swarovski faceted bicones, padparadscha
3	05-301-04-13	4mm Swarovski faceted bicones, fuchsia

**Tools:** Round-nose pliers, wire cutters, scissors

## To make this design:

- Slide the following crystal beads onto head pins and make wrapped loops in the following quantities (then set aside until step 13):
  - light rose – 2
  - rosaline – 4
  - light rose satin – 6
  - padparadscha – 3
  - fuchsia – 3
- Cut a 16” length of Beadalon.
- Fold the Beadalon in half and cut it again, making two 8” strands.
- String one of your Beadalon strands through a wire protector (see illustration), leaving about 1” on one side and 7” on the other.
- Insert the wire protector into the second hole on one of the leather ends.
- String a crimp bead onto both loose ends of the Beadalon and crimp it in place, trimming the excess from the short end.
- String in the following pattern: pearl, light rose, pearl, light rose satin, pearl, light rose, pearl, light rose satin, pearl, light rose, pearl, light rose satin, pearl, light rose, pearl, crimp bead.
- String the loose end of Beadalon through a wire protector.
- Insert the wire protector into the corresponding hole on the other leather cuff end and pass the loose end through the crimp bead.
- Pull tight and crimp.
- Repeat steps 4 through 10 for the second pearl strand.
- Cut chain into 12 sections with two links and a connector in each section.
- Reconnect the sections using jump rings, sliding two of your looped head pins with crystals onto the jump ring before closing.
- Connect each end of the chain to the leather ends using jump rings.

**Tip:** Leather cuff ends may need to be trimmed to fit wire protectors and jump rings.
