

"Battie" Earrings

As seen in the Rings & Things Wholesale Catalog 2009-10

Created by: Toni Plastino

Suggested Materials:

<u>Qty.</u>	<u>Stock #</u>	<u>Name</u>
2	28-684-89	12x18mm tiny 3-D ceramic bat beads
2	37-715-9	1.5" thin eye pins, gunmetal
6	37-133-9	4.5mm round jump rings, gunmetal
8"	40-099-08-9	2.8mm curb chain, gunmetal
2	34-163-1	French hook ear wires, surgical stainless steel

Tools: cutters, round-nose pliers, flat-nose pliers

To make this design:

1. Slide an eye pin through the horizontal hole in each bat bead and make simple loops. Trim excess.
2. Cut two 4" pieces of chain.
3. Use jump rings to attach bats and ear wires to chain using jump rings, as pictured.

To make nice loops on head or eye pins:

1. String selected beads on the head or eye pin.
2. Keep about 8mm (1/3") of wire. Cut off any extra.
3. Use round-nose pliers to grasp the wire just above the bead, at the arrow, and bend sharply away from you.
4. Now use small round-nose pliers to grasp the tip of the wire, and bend it smoothly around the pliers down close to the beads.
