Tools: scissors, chain-nose pliers

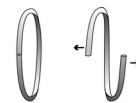

To make this design:

1. Add a 5mm jump ring to the ACS bird pendant and slide onto a 16" piece of 1mm leather cord.
2. Center the pendant on the cord and slide the cords through the holes on the ACS branch connector.
3. Add crimp tubes to the ends of the cords, secure with pliers.
4. Attach to the clasp with jump rings.

* **NOTE:** Artisan-made items created with Art Clay Silver 650 (#87-005-20)

Jump-ring hint:

When you open and close jump rings, twist sideways instead of “ovalling” them. This keeps their shape better, which makes them easier to close all the way.

Twist ends away from each other

Don't pull apart sideways
