Tools: cutters, flat-nose pliers

To make this design:

1. Cut curb chain into 12 pieces: four 1" pieces (6 links) and eight ¾" pieces (5 links).
2. Cut figaro chain into 3 pieces: one 4½" piece, one ½" piece and one 2½" piece.
3. Cut flattened long-and-short chain into 3 pieces: one 3½" piece, one 2½" piece and one 1" piece.
4. Cut drawn cable chain into 4 pieces: three 1½" pieces and one 1¾" pieces.

5. Loop two 1" pieces of curb chain around each 20mm crystal ring, and close each with a round jump ring.
6. Loop two 3/4" pieces of curb chain around each 14mm crystal ring, and close each with a round jump ring.
7. Attach the crystal rings to the remaining chain lengths with jump rings, as pictured.
8. Carefully attach jump rings into the holes of the cuff ends, and into the ends of the chain and crystal pieces, as pictured

TIP: The finished length of this bracelet is 6³/₄". For a longer bracelet, use more chain.

Jump-ring hint:

When you open and close jump rings, twist sideways instead of "ovalling" them. This keeps their shape better, which makes them easier to close all the way.
