## Suggested Materials:

<u>Qty.</u>	<u>Stock #</u>	<u>Name</u>
2	30-322-1	Cuff links with 10mm pad, white
2	21-647-049	15mm gemstone donuts, poppy jasper
2	27-690-01-AC	6x8mm TierraCast® small bell-flower cone ends, antiqued copper plate
2	27-573-3	3mm round metal beads, silver plate

**Tools:** Epoxy 330 (#60-230) adhesive

## To make this design:

1. Create a stable gluing surface using a cardboard box. Turn the box over and poke two holes in the box with a pen or other sharp object.
2. Insert the cuff link into the hole, so pad lies flat on the surface of the cardboard.
3. Mix the adhesive according to manufacturer's directions and glue the various pieces to cuff links in the order shown.
4. Let the glue dry thoroughly.
