2	34-171-2	Large brass kidney ear wires, yellow

**Tools:** flat-nose pliers

## To make these designs:

1. Add bead caps, beads, spacers, as pictured.
2. Add ear wires.

**TIP:** Due to varied bead-hole sizes (particularly with gemstone beads) it may be necessary to ream some of the beads. Use the battery-operated bead reamer (#69-058) to enlarge the bead holes.
