Tools: cutters, chain-nose pliers

To make this design:

1. Cut chain: one 12" piece, two 1¼" pieces, four ¼" (1 link) pieces.
2. Use various sizes of jump rings to connect crystals, charms and bezel-set connectors to chain and toggle clasp, as pictured.

Jump-ring hint:

When you open and close jump rings, twist sideways instead of "ovalling" them. This keeps their shape better, which makes them easier to close all the way.
