## Suggested Materials:

<u>Qty.</u>	<u>Stock #</u>	<u>Name</u>
2	05-005-12-160	CRYSTALLIZED™ 12mm round crystals with geometric faceting (chessboard), crystal/silver shade
1 pr	53-500-5	5" ear threads with 3mm ball-end stopper, sterling silver
2	24-980-33	3x3mm bamboo-shaped tube SmartBeads with BPS™ (Bead Positioning System), sterling silver

**Tools:** No tools needed! Ear threads (threaders) are a quick way to make linear earrings! Simply slide on the desired beads.

**TIP:** Use SmartBeads as earring nuts, to keep ear threads hanging at the exact length you want. This works on the ear, or on a display. Each SmartBead has a Bead Positioning System (BPS), a gripping rubber gasket inside that allows the bead to be positioned and repositioned.
