Tools and supplies: side cutters (or other cutting devise to cut a link in the wooden chain), two pair of flat-nose pliers, oxidizing agent such as liver of sulfur gel (#86-324) 22835 or Win-Ox™ (#86-343)

TIPS:

- Patina the charms with liver of sulfur gel or Win-OX.
- Save the plastic inner packaging from the word keys (#55-000-10). The key shapes make excellent molds for resin casting.
