

"Flux Capacitor" Cuff Links

As seen in the 2010 Super Supplement

Created by: Mollie Valente

This design is made with CRYSTALLIZED™ – Swarovski Elements.

Suggested Materials:

<u>Qty.</u>	<u>Stock #</u>	<u>Name</u>
2	44-054	21mm genuine India pices coins, copper
2	29-563-24	24mm sono wood ring beads, dark brown
2	44-154-7	25mm round filigrees with center hole, antiqued copper plate
2	06-906-20-160	CRYSTALLIZED™ 20mm crystal orchid pendants, crystal/silver shade
2	30-292-1	Cuff links with 15mm round pad, white
2	37-145-7	6mm round jump rings, antiqued copper plate
2	43-138-7	10mm TierraCast® Hammertone cast large-hole bead caps, antiqued copper plate
2	56-030-1	1/2" bead bars, white

Tools and supplies: chain-nose pliers, bent chain-nose pliers, bead reamer (#69-058) 17734, Epoxy 330 adhesive (#60-230)

TIPS:

- Use a bead reamer to enlarge the center hole in the filigree so the bead bar will fit snugly.
- Center and glue the coin to the round filigree and allow it to dry.
- Insert the bead bar through the bead cap, orchid crystal, and pices/filigree.
- Insert a jump ring through the bead-bar hole. It should be snug.
- Glue the filigree base to the wooden ring bead and allow it to dry.
- Glue cuff link finding to the back of the wooden ring.

Design Option: This design also makes nice buttons. Just substitute the button shank (#30-660) 19771 for the cuff link.
