

# “Midnight Enchantress” Earrings

Created by: Tiffany White

## Suggested Materials:

<u>Qty.</u>	<u>Stock</u>	<u>Name</u>
2	#21-897-217	14mm faceted round gemstone beads, mustard fired agate
18	#21-886-043	6mm round gemstone beads, black stone
2	#88-100-06-0	16mm Vintaj® filigree bead caps, natural brass
20	#37-099-15-6	1.5" standard ball-end head pins, antiqued brass plate
8	#37-123-6	3x4mm oval jump rings, antiqued brass plate
2	#34-173-6	25mm kidney ear wires, antiqued brass plate

## Tools and supplies:

Beadsmith® zebra stripe tool (#69-291)

(use side cutters, round-nose pliers, chain-nose pliers, flat-nose pliers)

## TIPS:

- Cut the ball end off two of the head pins and make a simple loop at one end.
- Add bead caps and fired agate beads and finish with a wrapped loop.
- Add all black stone beads onto the remaining head pins. Use either a simple loop or wire-wrapped loop to secure stones on the head pins.
- Assemble earrings using oval jump rings.
- Each jump ring should have two head pins with the exception of the bottom jump ring; it receives only one head pin.
- Attach the ear wires to the top, and pinch closed using round nose pliers.

## See the following technique sheets:
