

# Charming Holiday Napkin Rings

Created by: Cindy Overland

## Basic Technique:

Cut approx. 5-6" of Stretch Magic cord for each napkin ring. The total circumference of your finished ring should be about 4". String your beads and charm, tie a double knot and carefully trim the ends.

**TIP:** Tie the knot under your charm, where it will be hidden the best. For extra security, add a drop of super glue to the knot.

## Festive Reindeer
