

“Panthera” Necklace

As seen in the 2010 Super Supplement

Created by: Cindy Morris

This design is made with
CRYSTALLIZED™ – Swarovski Elements.

Suggested Materials:

<u>Qty.</u>	<u>Stock #</u>	<u>Name</u>
1	21-644-041	40mm gemstone donut, leopardskin jasper
3½"	40-099-16-3	2.1mm drawn flattened cable chain, silver plate
3	37-113-3	4mm round jump rings, silver plate
2	41-874-14-AS	14mm diamond-shaped crystal settings with 2 loops, antiqued silver
2	04-439-14-185	CRYSTALLIZED™14mm crystal square rings, crystal/red magma
16"	61-771-49-107	0.019" 49-strand SoftFlex® Trios beading cable, sophisticated set (use onyx color)
18	26-805	3x4mm faceted rectangle beads, silver plate
40	21-884-041	4mm round gemstone beads, leopardskin jasper
8	05-328-04-185 *	CRYSTALLIZED™4mm bicone beads, crystal/red magma
16	05-328-04-179 *	CRYSTALLIZED™4mm bicone beads, mocca
1	06-301-08-179	CRYSTALLIZED™8mm crystal bicone drop, mocca
6	41-256-02-3	Size 2 crimp tubes, silver plate
1	39-418-3	7x12mm magnetic clasp, silver plate

* **NOTE:** Beginning in 2009, Swarovski is replacing their 5301 faceted bicone crystal style with their new 5328 faceted XILION bicone bead. Either style of bicone works well for this design.

Tools and supplies: cutters, crimping pliers, chain-nose pliers, adhesive such as Epoxy 330 (#60-230), bead reamer (#69-058)

TIPS:

- Glue the crystal square rings into the settings and let cure.
- Create a bail for the donut using two 1¼ “ pieces of chain. Connect the chains with a 4mm jump ring that also holds an 8mm bicone drop.
- If you round the crimp tubes just right, the rectangle beads will slide over and act as a crimp cover.
- Use double crimps to make sure it is secure. Add a crimp to each side of the last gemstones before the magnetic clasp. This requires reaming the holes of 2 of the leopardskin jasper beads.
