

"Pull for Peace" Clip

As seen in the 2010 Super Supplement

Created by: Sondra Barrington

Suggested Materials:

<u>Qty.</u>	<u>Stock #</u>	<u>Name</u>
1	44-940-37-7	24mm TierraCast® peace sign charm, antiqued copper plate 21276
1	64-980-24	24-gauge sheet, copper 8932
1	30-030-7	39x18mm swivel clip, antiqued copper plate 21461
2	37-178-7	10mm round jump rings, antiqued copper plate 22237
4"	47-408-SP	20-gauge round wire, copper 15431
1	82-500-08	EasyCast epoxy kit 21319

Tools and supplies: bent-nose pliers, flat-nose pliers, round-nose pliers, chain-nose pliers, cutters, craft brush (#82-596), resin mixing supplies (#82-599), metal stamping kit (#69-299), 1/16" letter stamps (#69-240-00-L), lotus stamp (#69-245-07), leaf stamp (#69-245-11), patina such as Win-Ox™ (#86-343), Renaissance® micro-crystalline wax polish (#86-915), copyright-free decorative paper, clear Con-Tact® paper, copper & black acrylic paint, assorted design metal stamps from Beaducation™

TIPS:

- Create stamped metal tag from 24-gauge copper sheet or use copper dog tag (#44-780-01)
- Make a decorative spiral out of copper wire.
- Cut the paper image to fit behind the peace sign, using the charm as a template. To seal, cover the image on both sides with Con-Tact paper. This paper should be smaller on topside of image and slightly larger on backside of image. Attach to the charm.
- Add resin to blank spaces in the peace sign. Be careful not to overfill.
- Use paints to decorate the backside of the contact paper.
- Seal stamped plated and charm with Renaissance wax.
